## LYCEUM COMMITTEE WILL MEET

The lyceum committee of the Board of Education of the Maysville Public Schools will meet within a few days to consider the advisability of continuing the lecture course next year. It is thought that the course will be continued but that fewer numbers will be held in order to secure better talent. This would be a good move.

The Rev. J. F. Ruggles, pastor of the Forest Avenue M. E. Church, returned to this city yesterday after conducting a very successful revival in Ewing. He left yesterday afternoon for Ashland, where he will conduct a series of meetings in the Second M. E. Church in that city, assisting the Rev. W. H. Morris, who recently conducted a revival here in Mr. Ruggles' Church.

## DISABILITY POSSIBLE

### A New Policy

Works like this, John Sample, age 35, pays \$29.46 per thousand, which will be reduced by 1917 dividends \$5.22, upon payment of second premium, making the net cost \$24.22. Policy will contain total and permanent disability benefits, which means, first, waiver of premium payments on policy during disability, and company will pay the insured \$100.00 per year while disabled, then the face of policy, \$1000.00, at death; disability means loss of eyesight, loss of both hands, loss of both legs, loss of one hand and foot, loss of mind, total loss of body from paralysis or disease.

## PRESBYTERY CLOSES

Yesterday at Noon After Three Day Session in This City—Greatly Pleased With Stay in Maysville.

The Presbytery of Ebenezer, which has been in session here for the past three days, together with the Woman's Missionary Society, closed yesterday at noon after transacting all of the business necessary.

The morning session began at 8:30 o'clock with devotional services conducted by the Rev. Emil Bauman of Flemingsburg. The first hour of the session was spent in a conference on methods of stimulating the spiritual life and prosperity of the church.

The Rev. S. K. Hunt, pastor of the Third Street M. E. Church, of this city, was admitted as a corresponding member of the Presbytery.

The election of commissioners to the General Assembly, which will meet in Dallas, Texas, in May was then entered into. The following were elected as commissioners:

The Rev. A. E. Harding of Latonia, principal ministerial commissioner. The Rev. J. S. Dapp of Ludlow, alternate ministerial commissioner.

Elder Richard P. Ernest of Covington, principal lay commissioner. Elder G. H. Ogden of Ashland, alternate lay commissioner.

The report on sessional records was read and approved with exceptions.

The Rev. Emil Bauman of Flemingsburg, was elected as moderator of the Mt. Carmel Church. Dr. John Barbour of this city was elected as moderator of the Ebenezer Church and the Rev. J. R. Crawford was elected as moderator of the Highland Creek and Inez Churches.

Following the election of the commissioners, a report on the State Go-to-Sunday-School Day was read. On

motion the Presbytery indorsed the movement and rejoiced in the fact that one of its members was the secretary of the State Sunday School Association and was the originator of the movement—Dr. G. A. Joplin of Louisville, assistant clerk of the meeting. Dr. Joplin's work is well known to Maysville Sunday School workers. The Presbytery is indeed fortunate in having him as one of its members.

A report was read on the merging of the Freedom and Mission Board of the church. The report was received but answered in the negative by a vote of the Presbytery.

The Rev. W. P. Hooper of Washington, was admitted as a corresponding member of the Presbytery.

The matter of a place of holding the fall meeting of the Presbytery was placed in the hands of the Stated Clerk. It is thought that the meeting place will be in Frankfort.

The Rev. W. B. Campbell, pastor of the First M. E. Church, South, was admitted as a corresponding member of the Presbytery.

The roll of Elders was revised. On motion the Presbytery adjourned.

The ministers of the Pastors' Union of the city were invited to eat noon lunch with the Presbytery.

The Ladies' Missionary Society held their session in the Third Street M. E. Church across the street and had a very interesting meeting. The services of the morning were opened with a devotional service by the Rev. Gettys of Carrs Fork.

Dr. James F. Record, Moderator of the Presbytery for the session addressed the ladies on the subject of the Mission Work at Pikeville, where one of the schools of the church is located. The women are supporting this school and the talk was very interesting.

The following were the officers elected of the Ladies' Missionary Society:

President—Mrs. Sallie I. Whitehead of Newport.

First Vice President—Mrs. Frank Allen of Sharpburg.

Second Vice President—Mrs. T. P. Rogers of Mt. Sterling.

Third Vice President—Mrs. George Blackford of Newport.

Recording Secretary—Mrs. Ed Coursey of Newport.

Corresponding Secretary—Mrs. Thomas Harman of Pikeville.

Treasurer for Home Missions—Mrs. A. B. Halloran of Bellevue.

Treasurer for Foreign Missions—Mrs. J. R. Crawford of Pikeville.

Secretary of Literary and Study Classes—Mrs. L. A. DeBell of Flemingsburg.

Secretary of Young People's Work—Miss Mary Wilson of Maysville.

Secretary of Board of Freedmen—Mrs. Spensal of Ludlow.

The report of the various committees of the Missionary Society were read and received.

The session closed with a consecration service led by Miss Sue Scott of Lexington.

## MISS MARTHA TRAXEL

Daughter of Baker and Mrs. William H. Traxel Dies at Her Home on Edgemont Thursday Night at 10:20 O'clock.

Miss Martha Traxel, daughter of Baker and Mrs. William H. Traxel, died at the home of her parents on Edgemont Thursday night at 10:20 o'clock following an illness of about 18 months of a complication of diseases.

Miss Traxel was first taken ill in November, 1915, and since that time had been in failing health for some time before this but had been enabled to keep up with her school duties. She was 15 years old at the time of her death.

Miss Traxel was a great favorite with her many friends in this city. During her long illness, she was a very patient sufferer. She was of a kind and gentle disposition and loved by all who knew her. Besides her parents she is survived by one sister and one brother.

She was a member of the First Presbyterian Church of this city.

The funeral will be held from the late home on Edgemont on Sunday afternoon at 2 o'clock with burial in the Maysville cemetery. The services will be conducted by the Rev. John Barbour, pastor of the First Presbyterian Church.

The sympathy of the entire community goes out to Mr. and Mrs. Traxel in their bereavement.

It was reported this morning that the Kaiser had been exiled by his people but the report was false.

## OPERA TONIGHT

The operetta "Prince Charming," will be held in the High School auditorium tonight beginning at 8 o'clock. This operetta is given under the auspices of the Parent-Teacher Association of the Central District and about 100 children are taking part in it. The sale of the tickets has been very large and those at the head of the movement are expecting to gain quite a neat sum for the playground fund of the school.

## AVIATORS GUARD BORDER

The daring birdmen of the U. S. Army make frequent flights over the border territory. See this in Pathe News at the Pastime today. Also Pearl White in "Pearl of the Army" and a merry comedy of rural life entitled "Small Town Stuff" in three acts.

## DREW LARGE CROWD

"The Crisis" drew very large crowds at all showings yesterday. Those who attended report that the picture was an excellent one and well worth the price. Special music was played during the showing of the picture, songs of the war time being played. The story was filmed from the great novel of the same name and was a tale of the Civil War.

## SETTLEMENT CLUB DANCE

The annual spring dance by the Settlement Club will take place tonight at Neptune Hall, with music by Smith's Quartet of Versailles, Ky. This organization composed of industrious young ladies of the town has done a great work without boasting much of their accomplishments.

## FARMERS' MEETING

To Be Held in Maysville Next Week—Many Prominent Men Will Address the Tillers of the Soil.

Mr. Geoffrey Morgan, State Agent, was in Maysville this week to go over the county work with the County Agent, Mr. E. F. Boyd, Jr., and while here made arrangements for a large meeting of Mason county farmers to be held in Maysville on Tuesday afternoon, April 17th.

At the big meeting to be held next week, Dr. Fred Muehler Director of the agricultural extension work in Kentucky, and Hon. Matt S. Cohen, Commissioner of Agriculture, will talk to the Mason county farmers about their spring planting and the crop for this year.

These men who are in direct touch with the agricultural situation over the county will be able to shed a little light on the agricultural situation, information which the merchant is vitally interested in as well as the farmer. The meeting has been scheduled for two o'clock Tuesday afternoon and every farmer in this section is urged to be present.

It is understood that a delegation of farmers will be here from Fleming and Lewis counties to hear these good speakers and get their views on the present situation and just how it affects the farmer.

From Mr. Morgan it was learned that Commissioner Cohen and Dr. Muehler are very anxious that Kentucky shall produce this year, in addition to a good crop of tobacco, as much food stuff, of the kind native to this soil, as is possible by cultivating every available acre and intensifying the cultivation as much as possible.

Judge Newell has promised to arrange for the use of the court house on Tuesday afternoon and with the talks of Commissioner Cohen and Dr. Muehler it is expected that the meeting will be a large one. Arrangements are for the meeting to begin promptly at two o'clock and it will last perhaps an hour and a half.

## WOMAN'S CLUB MEETING

The regular meeting of the Mason County Woman's Club will be held in the Club room on Sutton street this afternoon at 2:30 o'clock. The public is cordially invited.

## HOW WE STACK UP

Thrice armed is he whose cause is just, quoted a speaker at the High School meeting Thursday night, and quoted wrongly. There was nothing the matter with the sentiment, however. And it makes all the difference in the world. It makes, for example, the reason why Belgium can not be conquered and Germany can not win.

But to have your quarrel right and your cause just is not everything. America, it seems, has that and more, too. Says a Washington dispatch:

Actual and potential resources which, all told, probably never have been equaled by any other nation in the history of the world are brought into the great war under the American flag.

Into the balance against Germany are thrown a navy in strength and efficiency among the foremost afloat; an army comparatively small but highly efficient, backed by a citizenry of upward of 20,000,000 capable of military duty; industrial resources incomparably the greatest in the world, already mobilized for public service; and the moral force of more than 100,000,000 Americans awakened to their country's peril and united behind their President with a patriotic fervor re-creating the spirit of '76.

There is not a syllable of exaggeration in that statement nor in all items brought forward by way of confirmation. We have the word of Capt. Persius, a German expert whose judgment in such matters stands high, that the American navy stands today practically equal to that of Germany, and, tho we have no corresponding foreign estimate of our army, there is no sort of question that it is contemptible to adopt the Kaiser's term for the British, only in numbers, and numbers, as England has shown, have an astonishing ability to multiply themselves where there is a will and a way.

The odds against the Central Powers were desperate before. By our entrance into the war they have become overwhelming. Germany may make light of it if she choose. The German people, better acquainted with this country than with any other, will not. Still less will the people of Austria-Hungary who likewise have exceptionally intimate and firsthand relations with us. No nation can be indifferent to the logic of such facts as that, for example, one-half the human race arrayed against them, or that they face six times their number in man strength. Not counting the native races of India and with the United States as their latest recruit, the Entente Powers have four times the population in reserve of those who are aligned with the Kaiser.

It is, however, in economic strength that the disproportion is most outstanding, and here it is important to bear in mind that debts have to be taken into account as well as resources. The per capita national debt of Germany is more than twenty times as heavy as that of the United States. That may not count at first, but when the time comes to consider that, in addition to the actual burden, the higher rate of interest makes the annual charge thirty times as heavy, it is evident that it will have its effect. Here are a few other factors:

Subtract all the wealth of all the German fund from the wealth of the United States and there still remains more than fifty billions.

American farms grow more than all the farms of Germany, Austria, Bulgaria and Turkey combined.

The United States alone can make more steel and all the products of steel than this whole Germanic league.

Our mines yield ten times as much gold far more silver, twice as much lead and many times as much copper as the entire group of Central Powers.

And the comparison could be indefinitely extended. Germany has more efficiency, more organized preparedness, a government that cares for and looks after the smallest details—is that the idea? Well, to tell the truth, we are not so certain about it. For sheer performance we are quite willing to place the Panama Canal by the side of the Kiel Canal and let it go at that.

## SUNDAY SCHOOL MOVEMENT FOR EVERYBODY TO ATTEND GIVEN STRONG ENDORSEMENT

Marion Lawrence, general secretary of the International Sunday-school Association, has endorsed the Go-to-Sunday-school Day movement.

"Kentucky has blazed the way," Mr. Lawrence writes, "for the rest of the country along many lines, civil, political and religious. History will show, however, that she never did anything more far-reaching in its effect upon our Nation than the introduction of 'Go-to-Sunday-school Day.' We take off our hats to Kentucky."

"While the plan is not yet four years old, already fourteen States and provinces are in line and have observed 'Go-to-Sunday-school Day.' They are: Kentucky, Georgia, New Hampshire, Saskatchewan, Nebraska, Alabama, Arkansas, Mississippi, South Carolina, Michigan, Delaware, Maine, New Jersey and Tennessee."

"It is a great thing to arouse the conscience of a whole State and bring thousands and hundreds of thousands to the performance of a noble deed at a given time. This is exactly what the 'Go-to-Sunday-school Day' does."

"The greatest step in any man's life is the step which begins the permanent habit of church-going, and there is no better place to inaugurate this habit than in attendance upon the Sunday-school."

"The Sunday-schools of Kentucky do far more to make it a good State to live in than all the laws on her statute books. We are learning, and learning fast, that formation is better than reformation, and that the hope of any State or country is wrapped up in the welfare of its youth."

"Congratulations to the Sunday-school workers of Kentucky under the leadership of their noble general secretary. May God grant His richest blessings and make this the best 'Go-to-Sunday-school Day' you ever had."

Although the whole country was shocked by the sinking of American ships, the general impression is that those on board suffered the most.

The present high cost of living in this country has done more to wipe out indigestion than enough patent medicine to float a battleship.

## Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

### Convincing Proof of This Fact.

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." — Mrs. O. M. Rhines, Ridgway, Penn.

### Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga. — "I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." — Mrs. W. E. Lindsey, R. R. 3, Tennille, Ga.

Lexington, Ky., April 12.—The Jas. E. Pepper Distillery Company will make no more whiskey during the present war and has tendered the use of the entire Pepper distilling plant to the government for use in the manufacture of alcohol or munitions products.

Matt S. Walton, local attorney for the company, received notices today from the officers of the company in Chicago that because of the present war and shortage of grain the order had been issued to co-operate in the nation-wide efforts to conserve the grain supply of the country for food stuffs and stock feeding. The action was taken upon the advice of Mr. Walton.

#### CHARLESTON IS AWARDED U. S. ARMOR PLATE PLANT

Washington, April 11—The government's armor plate and projectile factories, for which Congress appropriated \$12,770,000, will be built at Charleston, W. Va., a location recommended by a special navy board as offering an ideal combination of military safety and easy access to manufacturing materials.

In announcing the selection tonight Secretary Daniels said construction work would begin at once and would be hurried to completion. He also made public the report of the board, which personally inspected facilities of twenty-nine cities chosen out of more than 100 which offered sites.

Charleston offered several acceptable sites free of cost to the government and one of these will be selected for the factories themselves.

The investigating board, headed by Rear Admiral Fletcher, pointed out in its report that most of the sites suggested had to be rejected because of geographical location, offering inadequate security from invasion in war time.

#### FOOD SITUATION

Emphasized in Letter For Mr. Bradford Knapp, Chief of Extensive Work in Agriculture at Washington.

The urgency of the food situation now confronting this nation is emphasized by the following letter from Mr. Bradford Knapp, Chief of the Extension Work in Agriculture at Washington. That this is a grave situation and requires immediate action on behalf of every one is shown by this letter.

To Farmers, Bankers and Business Men in the South. Safety

For nearly three years I have done my best to warn you to prepare for the present emergency. For years we have tried to encourage diversification in the South as a basis for greater safety, both agricultural and economic. Since the war began in Europe we have urged SAFE FARMING. When prices were low you did well and made great progress. When cotton went to eighteen cents and over, you made large profits because of your progress in SAFE FARMING, but some were tempted to go back to cotton. In common with many other men I have tried to warn you of that danger. Cotton has not been high but has only increased in somewhat less proportion than food and feed.

NOW THE CRISIS IS HERE! This great nation must arouse herself for a mighty struggle for liberty. People without food and armies without rations are conquered before they can begin to fight. Our greatest safety now lies in FOOD PRODUCTION and in saving the waste products.

If the South is to be STRONG she must have FOOD. If this country is to be STRONG she must be well fed and have an abundance to sustain those friendly people who are even now fighting our battles for liberty and democracy.

Transportation may be disturbed. Your own defense requires you to PRODUCE and CONSERVE your FOOD supply. DON'T FAIL NOW! It is a National problem of defense as important as men and guns, ships and cannon.

BUSINESS MEN, if seed is short, canvass the situation like patriots and get the seed for farmers. Arrange the credits. Furnish farmers seed corn, soy beans, soybeans, velvet beans, peanuts, sorghum, etc., at cost. See that all things necessary to help the farmer is done. Of course, we must produce cotton, but with a moderate acreage and a good season there will be enough. Do not sacrifice acres of feed to increase your acreage of cotton. LOOK AHEAD! Get the warehouses, the feed mills, shellers, cleaning stations, creameries, packing plants, etc., ready. You must do your share and co-operate with farmers. They must do their share and tend the crops faithfully.

FARMERS, in your Unions, clubs and other organizations, resolve to USE THE BEST METHODS now. When the Nation faces a crisis we must have the best farming in its history. Labor is short, hence the best tools and all labor saving devices must be used to make it possible for every farm laborer to cover as much ground as possible and do the most efficient work. Farm women and girls have important work to do in the garden, the orchard, in raising poultry, and especially in canning, preserving and conserving our food supply.

Your County Agent and Home Demonstration Agent become more important officers now than ever before. Your State Extension Division at the Agricultural College will have still more important duties. Look to these for counsel and advice in this new burden of extra work. The County Agent will, without doubt have new duties and responsibilities in the near future.

#### ENDORSED AT HOME

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Frank Taylor, Prop. harbor shop, 401 E. Second St., Maysville, says: "A few months ago, I had a slight attack of kidney trouble and my kidneys were irregular in action. The kidney secretions were too frequent in passage and then again, were scanty and highly colored. I had a dull, steady ache through the small of my back and my back was weak. Four boxes of Doan's Kidney Pills, which I got at Chanslor's Drug Store, cured me of the complaint."

Mr. Taylor is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mr. Taylor—the remedy backed by home testimony. 50c all stores. #### BIDS ARE RECEIVED FOR 31 SUBMARINES FOR U. S.

Washington, April 11—Contracts for construction of twenty-eight 800-ton seagoing submarines probably will be awarded by Secretary Daniels before the close of the week. Bids opened at the Navy Department today carried proposals for thirty-four vessels. Congress has authorized only twenty-eight however, and ten have already been assigned to the navy yard at Portsmouth, New Hampshire.

Some of today's offers exceeding the authorized cost limit of 1,300,000 may be accepted because they fix the time of construction at several months below that of other proposals.

### BURNED TO DEATH

Two Fatalities Occur Near Muses Mills, Fleming County, Caused by Open Grates—Accidents Occurred Six Miles Apart.

Muses Mills, Ky., April 11. (Special to the Ledger)—This entire community was shocked late Tuesday evening when it was learned that Henry Helphelstine, 84, who resided near Narvo, 6 miles west of this place was burned to death. He was subject to fits and it is thought that he had a fit and fell face foremost into the fire. His wife was dead and the old man lived by himself against the advice of his children all of whom are married.

About 3 o'clock in the afternoon he was found by one of his granddaughters who went to visit him, laying face foremost with his head and shoulders in the fire. All his clothing was burned off to his waist and his face and neck was burned terribly while one of his arms was almost burned off.

Coroner Charles H. Compton of this place was called by phone and hurrying to the scene enplaned a jury and after several witnesses were sworn and examined a jury brought in a verdict of accidental death.

He had hardly dismissed the jury when he was notified that a two-year old daughter of Claude Jones and wife, who reside at Park Lake, five miles north of here had been burned to death by its clothing catching fire while standing near a heating stove. He investigated and found that the little girl and old man were burned to death on the same day and at the same hour. They lived in about six miles of each other. It is feared that Mrs. Jones will lose her mind on account of the loss of her little girl.

Seven years ago Rufus Marshall a farmer who resided near the home of Mr. Helphelstine was burned to death when their home which was a large log house was completely destroyed by fire, Mr. Marshall being away from home at the time.

### MEXICANS ALLOWED TO GO FREE

The two Mexicans, who were captured by Officer Drennen in the West End of the city on Thursday morning, were arraigned in Police Court yesterday afternoon as suspicious characters. Mr. E. E. Clarke, the type-writer repair man, who spent twelve years in Mexico was called as an interpreter. When he questioned the Mexicans in Spanish they began to smile at once. It developed that they came from the same city as Mr. Clarke, Torreon. They said they were on their way to the mountains to work in the coal fields and that they had left Mexico to avoid enlisting in either the Villa or Carranza forces.

### HELD TO SEPTEMBER TERM OF COURT

In the Mason Circuit Court yesterday by agreement of the attorneys, the case of Mrs. Mary Trackston of Higginsport, Ohio, against the Maysville Street Railway and Transfer Co., was continued until the September term of the court. Mrs. Trackston filed suit for \$50,000 against the street car company following an accident last summer in which she sustained the loss of both lower limbs.

### RETURNED FROM DEROT

City Clerk G. Wood Owens has returned to this city after a trip to Detroit, Mich., to identify some rings which were stolen from his mother, Mrs. Robert Owens here last summer. The rings were found in a pawnshop in the city of automobiles by the police there and Mrs. Owens notified. The rings were valuable ones.

### PURE WATER

Superintendent August Schaffer and a corps of assistants have been busy the past several days installing the new chlorinator at the valve house on reservoir hill and when completed in a few days this city will have water as pure and free from bacteria as it is possible to get it. The water company is uniting in its efforts to give our people the best water possible, and this latest method has the stamp of approval of the Federal Government.

### PLACED ON RETIRED LIST

Washington, April 11 — Senator James H. McPherson today secured the adoption of an amendment to the military appropriation bill, placing William H. Keohoe, of Maysville, on the retired list with the rank and pay of a second lieutenant. Keohoe, who is a son of former Representative J. N. Keohoe, was graduated from the Military Academy with every prospect of a brilliant career, but some time ago he was stricken with tuberculosis.

### GOING HOME! WELL YES!

Last night about 7 o'clock two automobiles went racing through the Fifth Ward on Second street so fast that it was almost impossible to see anything save a streak of light. This should be stopped before some one gets killed or crippled. It would have meant instant death to anyone attempting to cross the street in front of these flying machines.

### EVERYBODY GARDENING

This seems to be potato planting week in this city as all of the back yard farmers in the city are burying spuds in their gardens. The spuds will receive a great deal of attention this year on account of the high prices of the past winter. There are very few spots of ground in the city that can be cultivated that will be allowed to lie idle this year.

Will Show Film  
The Mason County Woman's Club has arranged with the management of the Washington Opera House to show on Saturday, matinee and evening, a one-reel film, "The Vacant Lot and School Garden." This film is said to be very interesting and will be shown in order to get persons to raise large crops.

Seeds Given School  
Congressman W. J. Fields of the Ninth District has sent to Superintendent W. J. Caplinger of the Maysville Public Schools, a large amount of seeds to be distributed to the children of the schools to plant during the summer. This was very kind of Mr. Fields and his act is very much appreciated by Mr. Caplinger, who will distribute the seeds as soon as possible.

Mr. Roy E. Kelsey, district superintendent of Brown County, Ohio, and Miss Lucy West of a standard school of Ohio, will visit the Mason county schools today with Miss Jessie O. Yancey.

We observe that farmers from Flemingsburg and Vanceburg will be present in this city next week to attend the farmers meeting.

Mr. Harold O'Bannon of M. Carmel Fleming county, has accepted a position with the Central Garage Co. of this city.

### PEACE SOUGHT

By Austria-Hungary and Bulgaria—Allied Ministers to Switzerland Are Approached — Weariness of War Given as Reason.

Washington, April 12—Austrian and Bulgarian representatives are endeavoring to approach Entente diplomats in Switzerland on the subject of peace. Press dispatches today reporting Bulgarian efforts in this line developed the fact that it is known here not only that Bulgaria has taken soundings, but also that there has been similar action in the name of Austria-Hungary. Whether the two countries are working separately or together is not known, nor has any reference been made to the attitude of Germany or Turkey.

Officials here see in the Austrian and Bulgarian actions merely an expression of weariness with the war and anxiety to bring it to an end without, however, involving any indication of desperation on their part which would make them propose terms acceptable to the Entente. As a result there is every evidence that the informal efforts now being made mark merely a step in the long road that will eventually lead to peace, and do not offer hope of real negotiations in the near future.

This opinion is strengthened by the fact that the Entente diplomats have not accepted the suggestions made to them in private conversations, but have indicated, on the other hand, that they will not go into any such discussion blindfolded. They have left the impression that they stand on the general principles enunciated by their governments and that the Entente nations will not enter a peace conference until their enemies have made public their terms.

Independent soundings by Austria and Bulgaria, even if entirely tentative, have attracted interest here, however, as showing the dissatisfaction of those two governments with the course of the war and their apparent anxiety to negotiate directly and not through the medium of Germany. As both these countries are reported to be more eager for peace than their more powerful ally, a degree of hope is felt that their exigencies may force Germany to a more moderate stand and bring the day of ultimate peace nearer.

Revival services this evening at the Third Street M. E. Church. Services begin at 7:30 o'clock. Good music and inspirational preaching by the pastor. These services are proving very helpful. Come out tonight. You will be helped by coming. The members of the Official Board are requested to meet at 7 o'clock on an important matter relative to the meetings.
